THE CUTTING DOWN OF TREES AND THE DROUGHT PROBLEM

Mr. Sharpe, M.L.A., raised a live and important point at the Seed House banquet on Friday night last when he drew attention to the fact that the drought area is being extended northward, due largely to the fact that the timber in a large measure has been destroyed.

When Mr. Sharpe asserted that no time should be lost in taking action in order to prevent the drought area getting out of hand, his opinion was supported by the various speakers, including the Deputy Minister of Agriculture, H. A. Craig.

So far as the Peace River is concerned there is yet time to see to it that a certain portion of the natural timber can be saved.

No matter how drastic the legislation necessary, it should be put into effect. The entry part of it is that legislation was not passed several years ago governing the cutting down of the timber.

Mr. Sharpe can render the Peace River a service if at the next session of the legislature he fathers a measure governing the whole timber question.

Now is the time to act if this country is to be spared the experience of other districts in western Canada which are now suffering from drought.

As W. D. Albright expressed it at the same banquet, if proper precautions are taken it will be possible to protect our noble heritage of fertile soil.

On Friday I met an old friend from the East End who had just sold two thousand bushels of wheat at close to a dollar a bushel. Naturally he was feeling a bit "choked" and "choked" as he had not experienced since 1929.

Now this old friend did not attempt to brag, but I noticed a slight difference in his general demeanor. His attitude seemed to be one of independence. In other words, he approached the future with confidence.

Now this man is no different from the average man, brooding over his farm. Our outlook on life, providing that we are enjoying good health, depends on our faith.

We have advanced far in the command of the forces of nature and have greatly developed human thought. But the faculties are not cultivated and in this lack we are in time of war loss the things we have gained along other lines. The high intelligence is used to do the quick and more adequate methods of killing and our industrial progress makes possible more and more of carrying out such plans.

We have not heeded the advice of the poet:
"And upward, working out the heart,
The beat the spirit and the fire die."
It would seem that we have over-emphasized the training of the human hand and neglected the heart. Not in time of war, but at that time men are trained to hate.

We have neglected to heed the example and message of the "King of Love and the Prince of Peace." We know not on what field of battle our youth of today may be burned up, from the inside or out, with poison gas or death-dealing chemicals. The great cities of civilization, whereof we can truly say, "there is no night there," can be plunged into instant and prolonged darkness because there is darkness in the hearts of men which can put out the light in their minds and in their cities.

The wanted song of this season, sung off by groups of children, of "Peace on Earth, Goodwill to Men," must become the goal of men at all seasons.

The adoption of the main principles of the program of the "Princes of Peace" becomes a scientific necessity to human affairs, lest our progressive efforts along other lines so far be wiped out in widespread catastrophe.

L. V. MACKLIN.

To the Editor of The Tribune:
I read, with interest, in your column of the 20th, the story of the "Princes of Peace" and I think it a step in the right direction to propose a highway instead of a railway.

As railways are today in Canada they are obsolete, and if it were not for the bolstering which they get at the expense of the people they would have been down and out long ago.

Parliament has held back progress in their favor by unduly taxing motor vehicles and passing other laws.

I think that there are a few steps more to be taken before the organization can be of much use. For my part I would not give one cent to the organization at present until they alter their program.

We have had several examples of commissions and investigations on several subjects and no results. There was a story in one of our school books in Ireland many many years ago when I was young. A lady and her maid went to a grain field and when she went to turn food she told her maid to listen carefully to everything they heard through the day and report to her.

One day they told her the farmer and his son had been looking at the grain and they said it was ripe enough to cut and would send word to his brother in the next parish to come and help him cut it. "Don't worry," said the lady, "it won't be cut yet."

The lady told her maid to keep the farmer and his son there and that the following morning they should make a start on the grain themselves. "Now," said the lady, "the night is dark and the moon is bright away, for we must move out of here at once. For when the farmer depends on himself alone the grain will be cut."

My suggestion is that the organization collect funds, put them in the bank and let them grow.

CARD OF THANKS
I wish to thank the nursing staff of the Grande Prairie Municipal Hospital for their kindness to me during my stay in the hospital.

ANNUAL DINNER OF 49TH
The annual dinner of the 49th (British Columbia Regiment) Association will take place at the Macdonald Hotel, Edmonton, Saturday, January 1, 1937, at 7 p.m. It is hoped that a strong delegation from the Peace River will attend.

THE NORTHERN TRIBUNE

largely on how much of the national medium of exchange we happen to have in our pockets or in the bank. Material security is absolutely essential to our happiness and every red-blooded man or woman wants that security.

The better prices for farm products is being reflected in people's feelings and general attitude. They have taken to the city and in the city for several years and now that there is more money, they are beginning to feel almost human again.

I do not say that the acquisition of material things is the ultimate in life. But I do say, after living for over sixty years and travelling many miles about the West that food, shelter and clothing are the primary principles of life.

So here's to a condition that will permit of the average person getting more of the material things of life.

IN THE TRIBUNE'S
MAIL BOX
THERE SHALL BE NO NIGHT

A visitor to the town of Grande Prairie may have noticed the Christmas lights at intervals along the main thoroughfare. Innumerable strings of many-colored lights strung across the street, line the scene almost the brightness of day.

"Old Buck," would seem that the vision of the "New Jerusalem" of St. John the Divine was realized in this northern metropolis—at least in that part of it which is visible to the public welfare.

As we think of the festive lamps that glow in the windows of so many of our citizens, we long for the time when the night rivers in this area will be harnessed to give adequate light and power to the rural as well as urban dwellers, even as the Niagara River is harnessed in old Ontario as a public concern for the public welfare.

We are so fortunate with respect to physical light but as we look at the proud and substantial municipal plant with its highly efficient staff, we realize that the light of knowledge should shine as brightly in the North as in any other quarter of the fair Dominion.

These and some other respects we are close to realization of the "Ideal City" as seen by the near long ago.

In the realm of sensation and thought we, in common with many other civilized areas are approaching the dawn of a new era. But in the realm of feeling we are lacking.

The world in general is very sad. The feelings of bitterness and hate that give rise to such atrocities as occurred daily in Spain, the rivalries and other nations and between classes in those nations.

The human race is still very much asleep. The "Princes of Peace" which tear each other in the same.

We have advanced far in the command of the forces of nature and have greatly developed human thought. But the faculties are not cultivated and in this lack we are in time of war loss the things we have gained along other lines.

The high intelligence is used to do the quick and more adequate methods of killing and our industrial progress makes possible more and more of carrying out such plans.

Robert Allan Explains Position

I read with interest the report appearing in The Tribune re the Monksman Pass Association meeting held at Hythe, December 10. Apparently I am blamed for having thrown a monkey-wrench into the steam-roller methods which were quite evident until I had the audacity to present the other side of the story.

What a pity that selfish interests entered into the fight! What a pity that ten years ago selfish interests also entered into the political fight and defeated the candidate who would have been the supporter of the government then elected at Ottawa! It was a death knell of the Peace River road.

What a pity again in 1928 when selfish interests entered into the political fight and defeated the candidate who would have been the supporter of the government then elected at Ottawa! It was a death knell of the Peace River road.

But having lived in the Peace River country for 22 years, I will remember the bitter fight between the north side and the south of the river, which ended in no Peace River railway being built even to this day.

As a Life Insurance Policyholder
Your Policy is Larger
Your Premium is Smaller
Because of Interest Earnings

YOU get more Life Insurance, and you pay less for it, because of interest.

The hard-earned savings that you set aside each year for the financial protection of yourself and your family are invested for you by your Life Insurance company in government and municipal bonds, first mortgages, public utility bonds, industrial and other interest-bearing securities.

Because of the interest earnings—the rental value of your savings—your money makes more money, and this earning power of your savings is put to work for you from the moment you pay your first Life Insurance premium.

At that moment, the Life Insurance company that you have chosen to act for you begins accumulating necessary funds to pay your policy claim promptly and in full when it falls due.

These funds are regulated by Dominion and Provincial Insurance Acts and are mathematically calculated. To maintain them, both the premiums you pay and the interest earned on them are necessary.

The part played by interest is, therefore, an essential part of your Life Insurance contract. Your policy is larger, your premium is smaller, because of the additional money that interest earnings add to your savings, and this is true in the case of 3,500,000 other Canadian Life Insurance policyholders.

SEXSMITH CURLING CLUB SPARING NO EFFORT ON BIGGEST DANCE OF YEAR

The time, Thursday, December 31, 1936. The place, The new hall, Sexsmith. The gist: Well, you do not want to miss this dance on New Year's Eve, which is being sponsored by the Sexsmith Curling Club and as stated before, the boys are sparing no effort to make this the biggest dance of the year. There will be lots of novelties and the music will be peppy. What more do you want?

DEMONSTRATES HIS WORTH

If the village of Sexsmith ever decides that a dog catcher is needed in town, we would recommend that George Cameron be appointed as same. Last Sunday he demonstrated his worth in this line. When it comes to giving a dog the "fun" rush, George is right there.

SEXSMITH LOCAL BRIEFS

Miss Dorothy Shaw arrived on last Friday's train from Edmonton, where she had been attending the University of Alberta, to spend the Christmas holidays with her family. Hank Wecker left on Tuesday's train for Calgary, on a combined pleasure and business trip. He expects to be away for about two weeks.

Something during the month of January, 1937, John Tesar, who was married recently, will be starting a wedding dance in the Kirtland Hall. Watch for the date in The Tribune.

HOCKEY TEAM LOOKS GOOD

The Sexsmith Hockey Club has been practicing the last few days, and from the view of a raider they look pretty good. There are three or four new additions this year to the team, all bona fide citizens, and any team in the Peace River country will have to do considerable stepping to overcome these boys. This is not bragging—just a statement of fact.

BORN

The blessed event came to the home of Mr. and Mrs. Tommy Fairbairn when a daughter was born to them. This is in the nature of a Christmas present, although a little early. Tommy Jr. thinks it is all right.

BELLOY NEWS

BELLOY, Dec. 21.—Mr. and Mrs. Sam Houston and small son are visiting the former's mother for a few days.

St. Francis left on Wednesday's train for "points outside," where he will spend the Christmas holidays.

Miss Mary Houston of Wainham, Mrs. Houston, and her mother, Mrs. Houston, are in town.

The annual community Christmas tree is being held on Wednesday, December 23, and a dance will follow.

Mr. and Mrs. J. J. Houston, who are in town, are quite a number of the young people willing away the long Sunday hours.

Mrs. John Unness, Miss Clara Houston, Mrs. E. Houston, and Mr. A. D. Robertson are Grande Prairie visitors on Tuesday last.

A very successful whist drive and dance was held in the Belloy hall on Saturday evening to raise funds for the Christmas tree. Honors in cards went to Miss Mary Houston and Mr. George Gilmour, while the consolation prizes went to Mr. A. J. Fortier and Mr. J. J. Houston.

Believe It or Not "By Ripley"

Several of the boys here have had effects after eating too many Jap oranges.

Protestant waiting to show off his little dog.

Protestant doing lots of running around looking for groceries, etc., to start up.

Bill Westman breaking through the ice in the ditch with a load of wheat. Almost loves shooting wild horses.

George wondering what to do with the circus he won.

McLENNAN NEWS

McLENNAN, Dec. 21.—It is always upon season for the McLeNNans to have a Christmas party.

Charles Lawrence has completed the sale of his house to "Shorty" Ruch, the baking man.

"Things we would like to know" Why is it that there should be no interference on the radio? We hope whoever is responsible will endeavor to have the trouble removed before the radio is taken down.

The afternoon tea celebrating wedding anniversaries passed off very successfully.

Several nice presents were received.

Here's hoping that 1937 will see the following improvements in town: The painted buildings on the main street and those needing redecorating fixed up. More street lights on the outer streets. A dog tax or something like it. A barrel of gravel for the fire after at the shops.

The latest development which is conceivably the first step towards state medicine is, possibly, a trial along that line, is, we hear, about to be tried out in the constituency of Greenwood.

We, under Mr. and Mrs. Charles Gannon, who recently carried the Social Credit star in the best of pointed surgeon and physician for all public welfare issues in the constituency. This may necessitate his bringing in an assistant to handle the rush, as there appears to be considerable relief hospitalization, etc., which all comes under the Department of Public Welfare.

H. Gregory, who has been off duty for the past five weeks owing to an appendicitis operation, has been ordered as to be able to return to his work starting last Sunday night. His place has been filled in the meantime by Alex Brown of Calgary, who returned to that city on Wednesday.

Several prominent citizens left on the Saturday train to spend the holiday season at various points. Our principal, R. C. Weldon, and we think, Miss McKay will join the school-means special on Wednesday.

Harry Koromo returned from Peace River, where he worked for the school, about three weeks, and has resumed his assistant agent duties here during the vacation of F. Edmondson.

Mr. and Mrs. W. Donley left last train for Calgary to spend the holiday season at their parents' home. We understand this is in the nature of a delayed honeymoon. His place is being taken by Russell Craig who arrived with his family last Saturday morning.

"The Kids' 'binno' in aid of Christmas trees for the children was very successful. Apparently, several people were seen carrying home their Christmas dinner without benefit of wrapping paper. One lucky dog was seen with three turkeys he had taken Santa Claus came to that place O.K.

FAUST NEWS

FAUST, Dec. 21.—A quiet wedding was solemnized at the home of Mr. and Mrs. E. J. Stanley, Agent Glen Auto Camp, at noon Wednesday, December 17, when their daughter, Edith Viola, was united in marriage to Thomas A. Davies of Faust. Rev. Mr. Linford of High Prairie officiating.

The bride wore a gown of cocktail blue crepe and carried a bouquet of white Columbia roses. She was attended by her cousin, Miss Olive Stanley, who wore a dress of apricot and carried a bouquet of white Columbia roses.

The groom was attended by the bride's brother, Austin W. Stanley. The young couple will take up residence in one of the cabins at Aspen Glen.

ELMWOOD NEWS

ELMWOOD, Dec. 14.—Mrs. Fraime held a W. A. meeting on Thursday, December 10. Election of officers took place. Mrs. E. Bousfield is president and Mrs. D. Jackson secretary. Ten members were present and two new members enrolled.

The new members enrolled at the meeting is to be held at Mrs. Bousfield's in January.

The newweds (Mr. and Mrs. A. Miller) are back from the short honeymoon, radiantly happy. They have been to the coast and wish to extend thanks to all their many friends. They will build a new home in the near future. We all wish them luck.

Mrs. J. Grant held the lucky number 44 and won the 1000 dollar quilt raffish off on Friday last at Rio Grande by the W. I. It was more of a surprise than ever, as Mrs. Grant had forgotten she had a ticket. The ladies of the W. I. are, consequently, congratulating their beautiful work and much success is due them.

SILVERWOOD

SILVERWOOD, Dec. 21.—A Social Credit Group meeting held at Silverwood on Saturday, December 19, resulted in a resolution being forwarded to the effect that the effect that more rapid action be taken to establish a credit society in Silverwood.

The following of Social Credit to demonstrate their enthusiasm in a more practical manner, a resolution was passed that the Social Credit convention held at Peace River be given by Mr. A. Johnson of Rycroft. A motion was carried to the effect that the group should obtain any literature or pamphlets definitely bearing on the application of Social Credit as applied to the province of Alberta. A nice lunch was served by the ladies present.

The children's Christmas concert, to be held by a huge success. The children entertained the gathering with songs, recitations, dancing and play-acting in a delightful sequence. The children's efforts for entertaining were commended by the adults at intervals.

Miss Geraldine Gaboray gave an exhibition of tap-dancing in a very efficient manner. Mrs. M. R. Gaboray, who is in her own right a very efficient pianist, was helpful by playing piano solos on various occasions throughout the evening.

Mrs. North was accompanied at the piano by her husband, Mr. J. North. White can be complimented for having a very nice Christmas concert. The children arrived on schedule and was duly amazed about the more successful piano. The band was fairly adequate, but he still had lots of board left when he finally departed.

With the necessary available the various principles of a radio station for three hours, except that the National Anthem closed down the enjoyable evening in the approved manner.

The club will be holding a meeting on January 2, in the school-house. Anyone possessing community song books please bring along for sale. You, and don't be sorry afterwards that you didn't attend the meeting. Methods and means will be discussed of developing the latent talent, both juvenile and adult, the musical and theatrical fields. Silverwood talent demands a prominent position on the next Grande Prairie Musical Festival map.

MONKMAN PASS MEETING WELL ATTENDED

HUALLEN, Dec. 22.—A good-sized crowd turned out last Tuesday evening, December 15, at the Community Hall to hear a speaker on the origin and purpose of the recently formed Monkman Pass Highway Association. Hugh Allen was elected to act as chairman and Jack Mitchell as secretary for the meeting.

The first speaker was Charles McNaught of Hualten, who explained the objects of the association and told of the great advantages that would accrue to the residents of the Peace River country if the highway proposed was built. Other speakers were: D. E. Harris, J. McNaught, J. O. Johnson, all of Beaver Lodge, Frank Brewer, Hualten, Albert Smith, Lake Saskatchewan, and Mr. Taylor of Hualten. All were strongly in favor of trying everything possible to attain the objective, a highway outlet to the Coast through the Monkman Pass, and each speaker gave his reasons for supporting the present organization.

Alex Monkman, after whom the Pass is named, which called on to speak devoted the major portion of his address to a detailed description of the country through which the proposed highway would be built.

The conclusion of the meeting on Monday, December 21, at the Community Hall, at 8 p.m., was presided over by a committee to look after local organization.

GRAND NOVELTY DANCE

"Dinner first, to come and spend 'Husmanity Night' (New Year's Eve), Thursday, December 31, at the Community Hall. The management are sparing no effort to make this the last social function of 1936, a real success. There will be the best of music and lots of novelties. Let's go!"

We are sorry to report that Mrs. Dave Cochran is ill and at present a patient at the Grande Prairie Municipal Hospital. We wish for her a speedy recovery.

The annual Christmas tree and entertainment at Lower Beaver Lodge school was held Monday evening, December 21. The children put on a well-balanced program of numbers suitable to the Yuletide season which was well received by the large audience present. The school was gaily decorated and the large Christmas tree was loaded down with many gifts for the children of the district. Rev. Wm. H. Hume of Vancouver kindly acted as chairman for the evening.

To the Editor, the staff and all the readers at home and abroad a very Merry Christmas is the wish of the Hualten Scribe.

LAKE SASKATOON

LAKE SASKATOON, Dec. 22.—The U. F. W. A. and P. W. A. held their annual meeting at the home of Mr. and Mrs. S. Allison, Saturday, the 19th. Quite a large number attended. Mr. Norman Anderson was chosen as delegate for the coming year for the U. F. W. A. are Mrs. John Smith, president, and Mrs. C. F. Hopkins, secretary. The next meeting will be held at the home of Mrs. John Smith, January 2.

Don't forget the Christmas Bonspiel, to be held between Christmas and New Year's.

The Christmas tree and concert are being held at the school-house. The Wednesday, December 23, owing to the cold spell and want of barn room at the hall it is impossible to hold it there as usual.

Heard: Two good friends having a heated argument, one said to the other: "Shaking hands after it." Heard: A renewal of argument. Heard: That there is to be a wedding around Christmas.

Congratulations to Lloyd Rigby, John and Rodney MacDonald, Albert Allison, James Sebastian, and Mr. and Mrs. Arthur Smith on their successes at the Social Fair held in Grande Prairie.

BIRTH OF CHRIST DRAMATIZED BY WEMBLEY SUNDAY SCHOOL

WEMBLEY, Dec. 22.—The Wembley United Church Sunday school held its annual Christmas play on Sunday last. There was a full attendance of 3-4th scholars. The Sunday school pupils dramatized the birth of Christ and each one did his or her part remarkably well. It was considered one of the best Sunday school scenes that Wembley has ever had and the teachers and superintendent are entitled to the appreciation of the scholars and parents for the services they are rendering to the children in this district. The superintendent, Mrs. Haysan, has able assistance in Mr. and Mrs. T. Watson and Mrs. Cook.

BEZANSON NEWS

BEZANSON, Dec. 22.—The light snowfall very little grain hauling is being done with horses, but with windmills the trucks are making a lot of grain.

Christmas finds almost everyone in unusually cheerful frame of mind, but with heavy payments due on the 1st of the month, it will take more than the 25th crop before things really start to move.

The annual meeting of Bezanson Hall was held on the 22nd inst. Not as many turned out as have been the case in former years, but all present had a good time. At midnight the house was called to order by E. H. Leslie. After the 1936 minutes and financial report were read, Mr. Leslie announced that the entire committee was then composed and resigned and called for nominations for a new committee. The following were elected: E. H. Leslie, chairman; Chas. W. Yates, secretary-treasurer; Fred Ford, committee-man; Alfred W. Leslie, committee-man. After the election, the vote of thanks for the old committee, complimenting them on the efficient way in which they had handled the affairs of the hall during their tenure of office. At the close of the meeting the men elected to the following to complete the committee: Lewis Peattie, Myron Parish, John Stark, Ted Stells. The old committee stated their devotion to the new committee on taking over their responsibilities.

The new committee held their first dance on December 18, and if that Friday night is to be taken as an average, the "Hall" is away to a fine start.

The next dance will be held at the hall on New Year's Eve. The ladies will have charge of the floor until midnight. The committee want a real out-time crowd on hand for this event, so turn out everybody and help make a good time. Admission: Gentlemen, 50 cents; ladies bring lunch. Music starts at 9 o'clock.

There will be a meeting of the Young Peoples Club at the hall on January 9, at 8:30 o'clock. The ladies will be in charge of the social committee. All young people are cordially invited to attend.

Mr. and Mrs. Harold Ford have taken up residence at their new home at Glen Leslie, taking with them the most wishes of the district.

Talk about wedding bells ringing, but they are sure being rung in this district this winter. Just watch for further reports in The Tribune.

Miss Gertrude Brown is visiting at home and in the district during the Christmas holidays, and is then returning to Slave Lake.

Miss Muriel Bezanson, teacher, is leaving on Tuesday evening for home in Edmonton.

Miss Ellen Hunter is visiting at home for the Christmas holidays. Ellen is taking grade eleven at Grande Prairie High School.

Had been delayed for several days by hauling wheat. Let us know the date, Bud.

Harry Card has completed his new barn, and thereby adding much to the appearance of the homestead. Best wishes, Harry.

Miss Janet Ames is visiting her parents in the district during the holidays.

Miss and Mrs. Edwin Peckham visited in Rexmouth over the week end. Hilda doing some trick riding in Pete Moore's field, ending up by taking a dent in said field.

Seven hunting foxes, and having nothing to say.

Dominion Branch, congratulated the many winners from the Peace River Seed Fair.

at the big show. He said that he had been months getting all the many prizes and have had to deal with the 50-bushel class.

Mr. Tapp then drew attention to the difficulties which confronted the Calgary Seed Fair, and said that the plant was capable of handling the 50-bushel class. Last year the staff was called upon to take care of no less than 21,000 bushels.

"We did our best. We were behind you, and we are still behind you," said Mr. Tapp.

The chairman then introduced T. Craig, District Agriculturist in the Peace River Block, who congratulated the organization on the splendid Seed Fair and complimented the junior exhibitors on their wonderful samples.

He thanked the organization and town in general for the hospitality extended to himself and Mr. Jamieson, the other representative of the Block.

Tom Jamieson, president of the Peace River Board of Trade and also president of the Associated Boards of Trade and prominent farmer, was introduced as the man who won first in the 50-bushel class at the Vanouver Seed Fair, and also won third in 1935.

Mr. Jamieson said that sometime ago a movement was started in the Block to connect up with the Peace River Seed Fair Association. He was pleased to say that the necessary arrangements had been completed and would for this year exhibit here was a revelation to him.

In closing, Mr. Jamieson referred to the wonderful industry which the Peace River had gotten through the exhibit at Vancouver.

"I am pleased to join you in congratulating you on your splendid exhibition from this country," said H. A. Craig, Minister of Agriculture for the province, at the outset of his speech.

Mr. Craig said that it was a strange thing that we did not think long ago more of getting behind the junior exhibitors. He referred to the proper leadership. He referred to the youth of the province. How the boys and girls of all nationalities were gradually changing in these schools.

The Deputy Minister said that he was glad to see Mr. Tapp present. He could not say that he had any public acknowledgment what he has accomplished for this province.

Mr. Craig then read out some of Mr. Tapp's achievements at the big show, among which was a double championship. Mr. Tapp, he observed, was the only man who ever won a double world's championship.

Mr. Craig expressed his appreciation of the assistance given to him by the Peace River Seed Fair. He stated that Mr. Tapp had put forward a map before the Marquis had the field.

Mr. Craig complimented the community on getting behind the junior exhibitors. He spoke of the thrill which it gave him when Jack Allison won the wheat championship. It was a great responsibility that the foundation of the commercial and religious institutions, administrative organizations. I think you have done sufficiently well for you know.

Following the lead of Mr. Sharpe, Mr. Craig said he fully agreed that the future of the province should be based on the cutting down of the trees and the drought problem.

"If you number wants any support for the Peace River Seed Fair, let me hear from you," Mr. Craig added.

Mr. Craig said that for the last six months he had scarcely a day to himself. He concluded that the putting across of the Peace River exhibit at Vancouver was his greatest achievement.

The Grain King drew attention to the valuable assistance given by the Peace River Seed Fair. He and Mrs. Jacques Gordon, Gordon Mats and his own father. These all assisted without pay.

Mr. Tapp also referred to the valuable assistance given by his little daughter, Marie, and her mother, Mrs. Tapp. He said that the putting across of the Peace River exhibit at Vancouver was his greatest achievement.

Mr. Tapp said a high tribute to Active Smith for his wonderful sample of barley. He was sorry that it was not sent to Chicago for the reason that another championship might have come to the Peace River.

The Grain King then presented some thirty samples of his prize-winning barley. He said that the Peace River Seed Fair was a great achievement.

Mr. Tapp then addressed himself to the junior exhibitors. He said it was a great responsibility that the foundation of the commercial and religious institutions, administrative organizations. I think you have done sufficiently well for you know.

Following the lead of Mr. Sharpe, Mr. Craig said he fully agreed that the future of the province should be based on the cutting down of the trees and the drought problem.

ONE OF LONDON'S MOST FAMOUS LANDMARKS GONE

The magnificent Crystal Palace, now London (above), was destroyed by five following three terrific explosions which shook the neighborhood and caused the collapse of one of the 282-foot towers, seen on the right. Erected in 1851 to house the World Exhibition which was organized by the Prince Consort, the Crystal Palace has been one of the show places of the Empire's capital. Underwriters estimate the loss at almost \$10,000,000, and were unanimous in their opinion that it was the worst fire seen in London in a hundred years.

The top picture is one of the Palace before the first, centre photograph gives a general view after the fire of the general view from the south tower and presents a vivid picture of the destruction wrought. CHRISTMAS DAWN

Long hours I waited, slowly through the night
The stars shone brightly from empty space
And I felt refreshingly upon my face.

Upturned to watch them sweep into the bright
Met the radiance of the arch-lamp light
They shone not with such a subtle grace
I felt to cold. It seemed, some other place.

Some other, yes, I'd watched the snowflake flight.
The stars then shone to let the stars shine through
As when dawn comes long after dusk.

A hush, the stillness must be like a shout
Spurred on by the earth from heaven's line
Twas holy Christmas Day, and then I knew
How, dawn-like, Jesus put the night to rout.

Walter Richardson

THE INNKEEPER REMEMBERS

Do you remember, Mary, your sad plight
In crowded Bethlehem that Christmas night—
The story was short, the stars were cold and white—
I remember, Mary.

Do you recall the keeper at the inn,
The thoughtless man who said there was no room,
The scornful man who would not take you in,
But turned you out into the cold and gloom?

I remember, Mary.

"Such lowly folk my house will never hold,"
He said, and sent you out into the cold,
The scornful man who would not take you in,
But turned you out into the cold and gloom?

I remember, Mary.

"Such lowly folk my house will never hold,"
He said, and sent you out into the cold,
The scornful man who would not take you in,
But turned you out into the cold and gloom?

I remember, Mary.

"Such lowly folk my house will never hold,"
He said, and sent you out into the cold,
The scornful man who would not take you in,
But turned you out into the cold and gloom?

Joseph of Nazareth stopped one day at the hostelry
of my heart.
He knocked with an urgent pleading knock.
He lifted the latch, but could not unlock
The gate which was fastened with skilful art—
He couldn't find room in my selfish heart,
So he turned and went sadly away.

O foolish heart, too late, too late
You learned who it was outside your gate.
I will empty completely this crowded inn.
And stifle forever its worldly din;
A temple spacious my heart shall be,
Who knows? They may come again to me.

Time had counted the years to twelve
When swift to my waiting heart
Came Mary Mother in search of life.
The little lost Lord of the Maraphim;
Deep in an inner court apart,
She found Him, teaching within my heart.

Lady, the joy of it, harboring
Little Christ Jesus, your Son, my King.
Frances Marie Shannon

THE CHERUB FOLK

In highest Heaven, at Mary's knee,
The Cherubs sit with folded wings,
And beg her by St. Charity
To tell them tales of human things.

They throw their harps down on the floor,
And all their heavenly playthings leave
And clamour to be told once more
The faerie tale of faulty Eve.

Up into Mary's lap they climb
To hear how on a place called Earth
Once, in a wondrous thing called Time,
The Uncreated One had birth.

And she to whom a Son was given
Plays there her Mother's part to them,
And tells the Cherub-folk in Heaven
The wonder tale of Bethlehem.

Enid Dinnis.

From G. K. C.'s "Christmas Song for the Three
Guards":

The thatch on the roof was golden,
Though dusty the straw was and old.
The wind had a peal as of trumpets,
Though blowing and barren and cold.
The mother's hair was a glory
Though loosened and torn,
For under the eaves in the gloaming
A Child was born.

ing out that up to the present no provision
whate'er had been made.

Mayor: "What is your suggestion?"

Mr. Beasant: "We thought that the
town could take over the rink and the
Athletic Association rent it." "I really
think the town should purchase the
rink from Mr. Donald if terms can be
agreed to," added Mr. Beasant.

Jack Kerr suggested that the town
take over the Wapiti Rink and later
build a new hockey and skating rink.
In such a project he pledged the back-
ing of the Athletic Association.

Councillor Swaine: "Individually, I
think the council is in favor of build-
ing a new rink."

C. Turner: "The Association is not
asking the town to build a new rink

this year. If the town took over the
rink, this is all that could be expected
this year."

Councillor Oliver suggested that if
Mr. Donald would fix up the building
the town could lease the rink with
the option to purchase, and later build
a real good rink which could also be
used for various public purposes.

Mayor Toney moved that the coun-
cil negotiate with Mr. Donald regard-
ing the value of the building.

On motion of Councillor Bentley,
H. Shaver and C. Zinner were
appointed a committee to value the
building and submit same to council.

Councillors Swaine and Wiehart
and Dr. Haynes were appointed a
committee to interview the Curling
Club to ascertain whether or not the
club would be willing to purchase the
rink.

One of the delegates stated that if
a satisfactory arrangement cannot be
made it was the intention of the

Athletic Association to circulate a
petition urging that the question of
building a new rink be submitted to
the ratepayers.

A. By-law appointing a returning
officer for 1937 municipal election
was given the necessary three read-
ings and passed. Town Secretary
Robert Kays was elected to the posi-
tion.

An application from Joe Crumphy
for permission to install a filling sta-
tion was recommended.

Constable Harper was granted a
leave of absence to visit his mother,
who is seriously ill at Winnipeg.

The financial report for the month
of November was submitted and ap-
proved.

Old age pensions and relief matters
were also dealt with.

The following accounts were passed
for payment: General, \$155.25;
incident relief, \$300; unemployed relief,
\$70.70; labor, \$31.80; Total, \$299.75.

The following were present: Mayor
Toney, Councillors Bentley, Oliver,
Swaine and Wiehart.
